INTRODUCTION

The Missouri Department of Elementary and Secondary Education (Department) is releasing guidance to local education agencies (LEAs) regarding requirements and operations of the Evidence-Based Reading Instruction Program (Section 161.240, RSMo). The Department has determined that a significant need exists for teacher training and instructional resources aligned to evidence-based reading instruction. This determination is aligned with Missouri law for early childhood literacy. State statutes, along with the Department, place restrictions on the use of these funds. Any use of funds must comply with all applicable general state requirements and all grant-specific requirements. To assist with this process, the Department has prepared this guidance document detailing the requirements.

PURPOSE

The purpose of these funds is to improve student literacy, encourage and promote alignment with evidence-based literacy instruction practices, and overcome the learning loss resulting from the COVID-19 pandemic.

REIMBURSEMENT PROGRAM STRUCTURE

Revised 4/24/2023

The Department recognizes that the exact cost of the program will vary by LEA and therefore calculates an approximate cost for each focus area based on student enrollment numbers, assessment data, and district teacher numbers. The table below indicates the amount of funding for each focus area.

Focus Area	State Budget
Language Essentials for Teachers of Reading and Spelling (LETRS®) Training Materials for K-5 Educators	$2,000,000
Evidence-Based Reading Instructional Materials	$5,500,000
Future Literacy Excellence (FLEx) Early Literacy Resources for Students and Families	$7,500,000
Teacher Stipends for LETRS® Training Assessments	$8,600,000
Evidence-Based Foundational Reading Assessments	$1,400,000

The LEA will apply for this funding through a consolidated, non-competitive reimbursement application process. The LEA may choose to apply for any or all of these focus areas for reimbursement of dollars previously spent that align with each focus area. Reimbursements for purchases made with ESSER II funds or any other federal or state grant funding is not allowable.

The program consists of five focus areas that are proven effective and transformative for schools and literacy improvement. The LEA is advised to thoroughly review both the state and federal guidance documents and contact the Department with any questions before submitting their state or federal application(s) for reimbursement.

State funding will be allocated in parallel with ESSER II funds for the LETRS® Training Materials for K-5 Educators and Evidence-Based Reading Instructional Materials focus areas on a reimbursement basis only.

The LETRS® Training Materials for K-5 Educators focus area is a formula reimbursement that provides award amounts to LEAs based on the number of qualified educators who have successfully completed LETRS® training. The LEAs will be able to request reimbursement for actual costs up to the allotted amount per qualified educator.

The Evidence-Based Reading Instructional Materials focus area is a formula reimbursement that provides funds to 161 LEAs. The LEAs must have a three-year average (2019, 2021, and 2022) percent of students scoring basic and below basic on the third grade state English Language Arts (ELA) assessment of 65 percent or above to be eligible for this focus area. The LEAs will be able to request actual costs up to their allocated amount.

The FLEx Early Literacy Resources for Students and Families focus area is a formula reimbursement based on the three-year average (2019, 2021, and 2022) of students scoring basic and below basic on the third grade state ELA assessment.

The Teacher Stipends for LETRS® Training Assessments focus area is an allocation that provides LEAs reimbursement for qualified educators who have successfully completed LETRS® training assessments.

The Evidence-Based Foundational Reading Assessments focus area is a one-time reimbursement for beginning- and end-of-year foundational reading assessments for grades K-3 for the 2023-2024 school year.

RECORD KEEPING REQUIREMENTS

LETRS® Training Materials for K-5 Educators
The LEA will maintain proof of LETRS® materials purchased for every qualified educator who successfully completed LETRS® training Volume I and/or II for a minimum of five years from the date of purchase.

Evidence-Based Reading Instructional Materials

APPLICATION PROCESS

The LEA must submit the State Evidence-Based Reading Instruction Program application(s) to the Department to receive funds. See appendix A for a sample state reimbursement application.

The state application includes all five focus areas. The LEA will apply for the focus area(s) of their choosing.

Federal funding requires a separate application. See federal guidance document for more information.
